### **Recycling Drop-off Scheduled for Feb. 4, Recycling Pick-up Adjusted for Presidents' Day Holiday**

#### **Next First Saturday Recycling Drop-off is Feb. 4**

**BRIDGEWATER** - Somerset County residents don't have to wait until spring to clean up around their homes. The Somerset County Recycling Center, located at 40 Polhemus Lane, will be holding its next [First Saturday of the Month Drop-off](#) event from **8 a.m. to 2 p.m. on Feb. 4.**

First Saturday drop-off events enable busy residents to recycle outdated electronics, tires, clean textiles and usual curbside items in one fell swoop, as well as help people in the community who are less fortunate by donating food items for a local food bank.

As part of the program, residents can drop off up to eight tires - with or without rims, scrap metal, antifreeze and usual curbside materials, including chipboard items and plastic bottles and containers, marked #1 through #7. Chipboard includes gift, shoe, shirt and all retail boxes, as well as cereal, cookie, pasta, cake and cracker boxes, without the plastic liners. Also poster board and backing from writing pads are accepted.

In addition, effective January 2012, residents can drop off empty, dried-out steel paint cans.

Residents also have the option of disposing of clean dry textiles throughout the year by bringing them to scheduled Saturday drop-off events. Textiles include drapes, curtains, sheets, towels, belts, handbags, shoes (pairs), clean cloth and small stuffed animals. Textiles only will be accepted in a plastic bag.

Additionally, residents can drop off consumer electronics (e-waste). E-waste includes computers (CPUs), servers, monitors, terminals/CRTs, televisions, printers, fax machines, copiers, computer/laptop peripherals, telecommunication equipment (telephones, cellular phones, telephone mainframes), keyboards, mice, cables, wiring, circuit boards, modems, power supplies, laptops, docking stations and audio visual equipment.

Also typewriters, VCRs, mainframe equipment and controllers, camcorders, CDs, DVDs, computer disks, diskettes, videotapes, cassette tapes, and rechargeable and button-cell batteries are accepted. Residents should individually bag each battery or tape each terminal to avoid short-circuiting of batteries.

Residents wishing to help the needy during these difficult economic times now have two opportunities. They can continue to bring canned goods and non-perishable food donations to First Saturday Drop-off events or, effective January 2012, put out canned goods in a plastic bag on their usual recycling pickup dates. Items will be delivered to the Food Bank Network of Somerset County. Perishable items and foods in glass containers are not accepted by food banks.
