Ron Hazen inquired what we were doing regarding LOSAP and when money would go into the account. We explained we needed a list and would contact Harleysville as they were just purchased by National and their policy was to start a LOSAP program individuals would need to put in \$5000. And they were not an approved for LOSAP by NJ. This LOSAP had been mishandled and not overseen correctly by previous commissioners and never been rectified in approximately 16 years or so. The members are now looking for instant results. We will contact Richard Braslow and get his advice on this as from this point on LOSAP.
