

We appreciate your  
patience  
and cooperation!

**PSEG**  
*We make things work for you.*

# We're here to perform **a safety inspection** on your gas meter.

PSEG is inspecting gas meters in your neighborhood to ensure the continued safety and reliability of your service. Because your meter is located inside, we need to gain access to do a visual inspection for conditions that may require attention.

**Since you were not home today, we will make another attempt to do the inspection in the next few weeks. If we still cannot gain access at the time, we'll leave information about how to schedule an appointment.**

## **Here is some important information to keep in mind:**

- This safety inspection only takes about 10 minutes and is at no cost to you.
- Unless your meter requires immediate repair, there will be no interruption to your service.
- The visit is for inspection purposes only. Your service will not be turned off due to billing status.
- Someone over the age of 18 needs to be home.
- Make sure your gas meter is accessible to ensure a complete inspection.

**More information is  
available at  
[www.pseg.com/gaswork](http://www.pseg.com/gaswork).**

We appreciate your  
patience and  
cooperation!

Your safety and security is our **number one priority!**

You can never be too cautious these days. That's why we encourage our customers to be vigilant about verifying the identity of people knocking on their doors.

Our employees carry a PSE&G photo identification badge, wear PSE&G logo apparel, and drive PSE&G cars or trucks. Please do not hesitate to ask for identification.

If you are suspicious in any way, call our customer service line at 800-436-PSEG (7734) to verify the identity of our employee.
