HEARING AND DELIBERATIONS:
TWELFTH STREET PROPERTIES LLC – 158 Chestnut Street
Block 151 Lot 12
#16-033-ZB- Variance-single family home on vacant lot

Attorney Kathryn Kopp was present to represent the applicant. Ms. Kopp stated that the applicant was seeking variance approval to construct a two story single family residence. Ms. Kopp noted that a variance is required because the building envelope of the lot is too small to allow for a functional home.

Maureen Matson, member of Twelfth Street properties was sworn in for testimony. Ms. Matson provided testimony as follows. The lot is currently vacant. There was a house on the property that was previously
demolished. The proposal is to construct a 2,400 square foot 2 story single family home with 4 bedrooms, 2 and ½ baths, two car garage. an attic for storage only and a cellar for storage only. The house will be a colonial style and will match the homes that are in the surrounding neighborhood.

Chairman Sweeney opened the public portion of the meeting. There were no questions or comments.

Stephen Fisk, LS and PP was sworn in for testimony and accepted by the Board as an expert witness. Mr. Fisk submitted an exhibit that was marked into evidence as follows

A-1  12/20/16  Photo of the property

Mr. Fisk described the property and provided testimony as follows: The property is located in the R-10 zone. It is 50 feet wide, where 100 feet is required in the zone. Three variances are being requested, lot width, single side yard setback and total side yard setback. There is no land available to make this lot more compliant. The properties on either side are occupied with dwellings. According to the tax records, the dwelling that was previously on the lot was demolished 4 or 5 year ago. The lot is currently vacant. The dwelling that appears on the old aerial photos looks to contain a home of similar size to what is being proposed. The lot is narrow for the R-10 zone therefore creating a hardship for the applicant to build a house and meet the zoning requirements. Mr. Fisk reviewed the reports of the Board professionals specifically noting that the applicant is proposing a cellar in the basement therefore it is not included in the FAR calculations. Mr. Fisk also noted that there will be some regrading of the area in the backyard to improve the drainage and allow the water to flow naturally.

The Board questioned if there was any consideration to the placement of the windows in relations to the neighboring homes since the homes will be very close together. Ms. Matson stated that they would agree as much as practically possible to avoid placing the windows directly across from the windows on the adjacent homes.

Chairman Sweeney opened the public portion of the property.

Dan Gaughan of 160 Chestnut Street expressed concern about the placement of the windows on the side of the home that will face his property as well as the drainage.

Ms. Kopp provided some closing comments and the Board began deliberations.

Motion by Mr. Weideli; Second by Mr. Riga, the foregoing application was approved with conditions on the following roll call vote:

AFFIRMATIVE:  Mrs. Amin, Mr. Riga, Mr. Kirsh, Mr. Fross, Mr. Sweeney, Mr. Weideli, Ms. Guttschall
ABSENT:  Mr. Humenick, Mrs. Powers
NOT ELIGIBLE:  Mr. Fallone, Mr. Foose
