

Strategic Plan – Community Focus Groups

The district is now hosting a series of focus groups to generate more detailed feedback from the community. Focus groups allow members of the public to participate directly in the plan development process. A variety of groups are planned, some target specific stakeholder groups and others are open to the general public.

Each focus group will meet for 2 hours. Participants will work in groups through a series of activities to generate more detailed information on the core areas covered in our surveys and will then engage in a modified planning process.

All sessions begin at 6:30 pm and run for two hours.

Dates and Locations:

- March 1, 2017 - 6:30-8:30 pm- Eisenhower Intermediate School - [Register Here](#) Registration Closes: February 28
