

Dear Veterans,

As Veterans Day approaches, I wish once again to explicitly express my gratitude and the gratitude of our Township for your service. We are all familiar with the expression, "If you love your freedom, thank a Vet!" How true it is! Because you stood watch, we could sleep soundly. Because you committed to defend our liberty against all threats, we live free and our nation prospers. Because you dealt with the terrible experiences of war or were prepared to do so, such horrors were kept from our shores. Because you made it home, I thank Providence. Because you may be in need of help, I will always help you. Because we are Americans, you will always hold a position of honor. Because when you signed up, you committed your lives to our defense, I thank you from the depth of my being.

Respectfully,

Dan Hayes  
Mayor
