Re: Rehabilitation of County Bridge No. G0803
Finderne Avenue (CR 633) over Cuckels Brook
Bridgewater Township, Somerset County, NJ
Construction Notification Letter

Dear Resident,

During the past week, you may have noticed the "on or about" advanced notification signs posted on Finderne Avenue to inform the public of the upcoming construction work scheduled to begin on Monday, February 12th. This Somerset County project will include rehabilitation of the existing bridge with new steel beams, concrete deck, parapets/sidewalks, and adjacent roadway reconstruction.

During the project, one lane of traffic in each direction over the bridge will be maintained with the construction being performed in three (3) separate stages. There will be approximately a total of eight (8) non-consecutive days during the project that the bridge will be fully closed between the hours of 9am and 3pm with a posted detour utilizing Chimney Rock Road and Route 28. Advanced notification will be provided to inform the public regarding the dates that the bridge will be fully closed. It is anticipated that the project will be substantially completed with all lanes re-opened to traffic by early September 2018.

Thank you very much for your support during this project and please feel free to contact me at any time during construction in case you have any questions, comments, or concerns.

Regards,

Craig R. Mawhinney, P.E.
Principal Bridge Engineer II
