

Dear Bridgewater Residents,

As we prepare for the impending storm, we would like to remind all that if you have brush from the previous storm, please remove from the roadways prior to the start of the storm to facilitate snow removal efforts.

Brush clean-up will be interrupted during the storm event and will resume after completion of the storm and snow clearing of roads.

Please **STAY OFF THE ROADS** and do not travel unless it is absolutely necessary.

If you or a loved one has special or medical needs, please plan ahead for upcoming weather conditions by making necessary arrangements in the event of power loss. This may include going to a hotel, staying with family members or friends who have electricity.

We urge residents to check on neighbors, particularly the elderly. Make sure you always report power outages to your utility company, not the Police Department. In the event of an emergency, please call 911.

As always, we continue to work closely with utility companies and our emergency management personnel to ensure the safety of our residents and facilitate restoration efforts in the event of outages.
