

JCP&L overnight crews responded to calls in an effort to restore customers. Our full complement of line workers and mutual aid line workers reported at 6AM this morning. We currently have over 135,000 customers without power.

The storm brought significant snowfall, resulting in new outages, additional tree and equipment damage, and road closures. Our crews are ready to roll as soon as the weather allows.

We will share new information as it becomes available. We can't say it enough -- THANK YOU for your ongoing patience during this difficult time.
