FOR IMMEDIATE RELEASE

BRIDGEWATER - The Bridgewater Creative Arts Committee (BCAC) is seeking local artists to design a mural that will be painted on a building at the KidStreet playground, located in the Bridgewater Township municipal complex on Garretson Road.

The space, located on the rear side of the building that houses public restrooms at the park, is 11 feet wide by 7.5 feet tall. The designs may be of any subject, but the content should be geared towards the children and families who frequent the playground.

Artists may submit their proposed artwork to the BCAC at bridgewater.arts@gmail.com by Monday, April 30.

After the deadline, the committee will select the top five submissions. There will be a public vote via the group's Facebook page and through an online survey sent to the committee's e-mail subscribers. (If you wish to subscribe to the BCAC email list, please send an email to bridgewater.arts@gmail.com.)

The Bridgewater Creative Arts Committee is committed to providing opportunities for residents to experience fine and performing arts. The group, staffed by volunteers appointed by the Township Council, also helps to display works of art created by local residents for the public's enjoyment and enrichment, including exhibitions at Town Hall. For more information about the mural design contest or any of its activities, visit the BCAC's Facebook page or email bridgewater.arts@gmail.com.
