BRIDGEWATER HAZARD MITIGATION PLAN: CALL FOR COMMENT

Bridgewater Township is in the process updating our Hazard Mitigation Plan (HMP) as part of the Somerset County Multi-Jurisdictional Hazard Mitigation Plan for continued compliance with the Disaster mitigation Act of 2000 and its implementing regulations. The purpose the Bridgewater HMP is to identify natural hazards and mitigate potential natural disasters within the Township.

Each Municipal HMP Committee is required to provide opportunities for both the general public and other stakeholders to become aware of the process and be given an opportunity to comment, provide feedback, and become involved. We ask that if you are interested in providing input to use the following link to familiarize yourself with components of the overall plan: <http://www.co.somerset.nj.us/government/public-health-safety/hazard-mitigation>

Any Bridgewater resident or interested stakeholder, including the following: Neighborhood groups, Non-profit organizations (i.e., Red Cross, Salvation Army), Environmental groups, Historic preservation groups, Church organizations, State/federal/local government offices, Neighboring communities/counties, Business and development organizations, Academic institutions, Utility providers, Large businesses, Hospitals, Tribal groups, Transportation entities, Parks organizations, and Regional planning organizations, please submit comments to tforsythe@bridgewaternj.gov.
