Application Packet Fall 2018

Keep it Clean, Keep it Green!

FALL APPLICATIONS DUE ON OR BEFORE SEPTEMBER 28, 2018

Bridgewater Township
Clean Communities Mini-Grant Program

Program Overview

Bridgewater Township's Clean Communities Mini-Grant Program is part of the New Jersey Clean Communities statewide, comprehensive, litter-abatement program created by the passage of the Clean Communities Act in 1986. The Act provides a funding source for the program by placing a tax on fifteen categories of businesses that may produce litter-generating products.

Bridgewater Township is required to implement litter abatement programs that incorporate the elements of cleanup, enforcement and education. The Act also provides guidelines on the use of funds. Municipalities and counties must file statistical reports with the New Jersey Clean Communities Council, Inc. every grant year. Statistical reports track the expenditure of funds and the progress of local programs.

Bridgewater Township conducts a fall and a spring clean up on properties throughout the township. Organizations can earn up to \$500 for a clean up. The Township gives out up to 20 mini-grants in the fall and in the spring. Any group that did not receive a fall grant will be given priority in the spring. Bridgewater Township's Clean Communities Mini-Grant Program is subject to change based on availability of funds.

Clean Communities Mini-Grant Program

2018 Mini-Grant Guidelines

1. All organizations must submit a completed mini grant application, proof of non-profit status form, and individual release forms for all individuals participating in the clean up. Bridgewater will review and evaluate each proposal based on the criteria in the application. All applications should be emailed to Jodi Schneider at jschneider@bridgewaternj.gov.
2. All clean ups must be conducted in Bridgewater Township.
3. All organizations must complete a *Mini-Grant Summary Report* and email it to jschneider@bridgewaternj.gov within 7 days of the completion of the clean up. The mini-grant will be awarded for fully completed assignments only. There will be no award for partially completed assignments. The Summary report must be submitted for funds to be dispensed.
4. A minimum of ten (10) members are required for each mini-grant assignment. The organization **must provide at least one (1) adult supervisor for every five (5) youth participants under the age of 18**. All participants must sign individual release forms prior to participation in any Bridgewater Township clean up project. Each participant will be expected to work a minimum of three (3) hours.
5. The organization is responsible for providing transportation to and from the clean up site.
6. All recyclable items must be sorted out and put into separate clear bags.
7. Assignments (date and locations) will be given by the Township's designated Clean Communities coordinator and may consist of parks, schools, roadways, open space, or any combination. All groups are required to complete the assignment on the day scheduled. Any group that has an insufficient number of participants or not enough time to complete the assignment will be rescheduled once. Please notify the Clean Communities coordinator as soon as possible to reschedule the assignment. It cannot be guaranteed that the same location will be given.
8. Clean-up Supplies and materials (trash bags, gloves, safety vests) will be provided by Bridgewater's Clean Communities coordinator. Items will be made available before the clean up at the Bridgewater Municipal Complex. It is the responsibility of the organization to arrange for pick up prior to assignment.

Bridgewater Township reserves the right to reject any proposal or to award the grant in whole or in part. The Township has the authority to award grants to the organizations best meeting the criteria and guidelines set forth in the Clean Communities mission.

Safety Procedures for All Participants

(The following are general program guidelines. Every location is unique no matter how prepared participants are and every precaution should be taken to ensure a safe and enjoyable experience.)

- All participants must read and understand the guidelines.
- Carpool or Vanpool to the pick-up site. Park vehicles completely off the road way, and a safe distance from travel lanes.
- Upon arriving at the work site, erect the official provided “Litter Patrol Ahead” sign in advance of the pick-up site off the roadway.
- Each participant cleaning a roadway must wear a reflective safety vest.
- Familiarize yourself with emergency procedures such as the location of the nearest emergency facility and how to quickly summon the police or an ambulance.
- Be sure to inform leader of known allergies and physical infirmities prior to participation.
- The leader must have a first aid kit on site.
- Bring a water supply. Avoid potential problems from over-exertion and heat by drinking water and taking rest breaks.
- Wear long-sleeve, light colored shirts, jeans or long pants, leather or heavy-soled shoes or boots and gloves.
- Consider use of sunscreen, tick repellent or barrier creams.
- Be alert for bees, wasps, hornets, fire ants, snakes and any other wildlife.
- Pay special attention to the handling of broken glass. Participants must be careful not to step or knell on broken glass.
- Do not work on unstable or slippery ground.
- All unsafe behavior, for example, standing or jumping on guide rails, drainage pipes or concrete walls, horseplay and demonstrations must be avoided.
- Alcohol is forbidden on pick-up sites.
- Be sure you are visible to motorists
- Don't schedule pick-up events in the evening or at night.
- Stay clear of construction areas.
- Evaluate whether pick-up should be discontinued due to decreased visibility, inclement weather or unsafe traffic conditions.
- Do not attempt to move large debris, do not touch dead animals, do not attempt to pick up hazardous material.
- Notify authorities (local/state police) if anything is found that presents a clear and present danger or obvious criminal activity.

After Pick-Up:

- Leave bags in a safe location for maintenance crews to remove.
- Do not remove work or safety gear until you are completely finished.
- Use proper hygiene and hand washing.

Suggestions for a Successful Clean Up

1. Have participants wear long pants, long sleeves, work boots or ankle high shoes, and work gloves. During cold weather, dress warmly in layers. Four hours is a long time outside!
2. Have participants bring a bag lunch and plenty of water and beverages, bring snacks to share, and/or get local merchants (deli, pizza) to donate food and beverages.
3. Have participants use the restroom before they leave in case there are no restrooms at the clean up site.
4. Transportation is the responsibility of the group. No transportation will be provided by the Township.
