**BRIDGEWATER SPRING RABIES VACCINATION PROGRAM**

The Bridgewater Township Department of Health strongly urges all residents to maintain rabies vaccinations for their dogs and cats. Rabies in wildlife continues to be a public health concern in New Jersey and our community. The best defense against rabies is to assure that vaccinations are current for all domestic animals. Proof of current rabies vaccination is also necessary to license all dogs and cats.

The Department of Health has scheduled a Spring Rabies Vaccination Clinic for dogs and cats as follows:

<b>Saturday, May 11</b> <b>Bradley Gardens Firehouse</b> <b>24 Old York Road</b>	<b><i>Dogs Only 9AM to 10AM</i></b> <b><i>Cats Only 10AM to 11AM</i></b>
----------------------------------------------------------------------------------------	-----------------------------------------------------------------------------

<b>Saturday, May 18</b> <b>Green Knoll Firehouse</b> <b>North Bridge Street &amp;</b> <b>Foothill Road</b>	<b><i>Dogs Only 9AM to 10AM</i></b> <b><i>Cats Only 10AM To 11AM</i></b>
---------------------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------

<b>Tuesday, May 21</b> <b>Martinsville Firehouse</b> <b>Mt. Horeb Road &amp;</b> <b>Washington Valley Road</b>	<b><i>Dogs Only 6PM to 7PM</i></b> <b><i>Cats Only 7PM to 8PM</i></b>
-------------------------------------------------------------------------------------------------------------------------	--------------------------------------------------------------------------

Current license information at the time of the clinic is not necessary, but will serve to expedite the vaccination process. All rabies vaccinations at the clinic are provided free of charge.

All dogs brought to the clinic must be securely leashed and accompanied by an adult. All cats must be brought in a secure box or carrier.
