

Girl Scout Troop 60080 Constructs and Installs New Friendship Benches in Cedarbrook Park

After many service hours of hard work, creativity, and dedication, Girl Scout Troop 60080 unveils new friendship benches to compliment the butterfly garden at Cedarbrook Park recently completed by another Girl Scout Troop. The troop members independently found the bench design online, funded the project, and constructed the benches.

On behalf of the Bridgewater Township Community, Mayor Hayes thanks Girl Scout Troop 60080 for aiding in the beautification efforts of Cedarbrook Park and for our residents, and encourages all to visit the garden soon.
