

Your guide
to a safe,
healthy
and

Happy Halloween

in Bridgewater Township

Depending upon the level of COVID-19 in our community in late October, there are plenty of fun ways for you and your family to safely celebrate Halloween.

Low-Risk Halloween Fun:

- **Pumpkins:** carve/decorate pumpkins outdoors with friends, keeping at least 6 feet apart
- **"Scarevenger" Hunt:** give kids a list of Halloween decorations to find in the neighborhood
- **Movie Night:** Watch a Halloween-themed movie with the people in your household
- **Costume Contest:** Meet virtually with friends on video chat to show off your costumes
- **Halloween Hunt:** Hide candy around your yard or inside your house, and let your kids hunt for it. Try it after dark to make it extra spooky!

Tips for Trick-or-Treating:

- **Wear a protective face mask** (not a costume mask!)
- Consider wearing gloves, or **sanitize your hands between houses**
- If you trick-or-treat with people outside your household, **keep 6 feet apart**

If you want to give out candy:

- Leave out individual portions of candy in front of your home. Ideally, they should be spread out (not in a bowl), so that each child only touches one.
- If you want to hand out candy, please wear a mask and gloves.

If you do not want trick-or-treaters at your home, leave your front lights off and consider putting a sign on your door.
