## Council Reports

### Councilman Kirsh

- Was present at the viewing of the Tullo Road project. He added the pavement was still warm during the viewing and it was good to see such great progress.
- Acknowledged the passing of George Harlan noting it is a considerable loss to our community and recognized his many years of service to Bridgewater. Councilman Kirsh sent his condolences to George Harlan's family.
- Schools are open and the return to relative normalcy is great.
- Acknowledged the Census did in fact end on October 15<sup>th</sup>. He thanked the residents for their corporation during this process noting that Bridgewater continued to be among the top two (2) municipalities in Somerset County in census reporting adding we came very close to full count.
- The General election is exactly 2-weeks from tomorrow. Councilman Kirsh encouraged everybody to vote and advised this election is predominantly vote-by-mail. He added there is limited accommodation for in person voting at the five (5) locations in Bridgewater where provisional voting is allowed. Councilman Kirsh encouraged residents to return their mail-in ballots at the drop-box located outside the municipal building parking lot.

### Councilman Kurdyla:

- Was at the viewing of the Tullo Road construction project.

### Councilman Ring:

- On October 6<sup>TH</sup>, he joined the other Council members in viewing the now completed Tullo Road construction project.
- Later that evening attended a police prayer service for our police officers at Town hall that was sponsored by the knights of Columbus.
- Has received a lot of letters/emails from constituents with questions about school reopening given COVID. Councilman Ring stated he referred all concerns to the superintendent of schools.

### Council Vice-President Pedroso:

- Councilman Pedroso acknowledged the passing of George Harlan noting his death is a tremendous loss to our Community. George Harlan served on the Zoning Board for 30-years both in Bridgewater and in Somerville. Councilman Pedroso stated he served with George on the Zoning Board for

ten of those years and expressed what a role model he was adding he was extremely professional, had a handle on all the applications and was always prepared. What stood out about George Harlan was his demeanor and approach to the public because he was such a gentlemen and addressed the public with great care, concern and respect. Councilman Pedroso stated George was very valuable to the Township and will be dearly missed. He sent his best wishes to George Harlan's family.

Council President Norgalis:

- Two more losses of prominent Bridgewater residents. George Michael Harlan's passing leaves a legacy of public service to not only Bridgewater, but also to Somerville as well the entire County of Somerset. He was recognized twice by the Freeholders for his public service.
- The Reverend Doctor John Stephenson also passed after many years of involvement in County volunteer activities.
- Attended the Somerset County virtual Governing Officials meeting where retiring County Administrator Michel Amoroso was the guest speaker. After 46 years of public service he intends to spend a lot of time with his grandchildren. His indelible message for the newly minted Freeholders is, "respect the county workers whether they empty cans or run departments".
- The last Fall bulky trash day has come and gone. 59 30 yard dumpsters were filled during the three day drop off. That may not be a record but the ability for our residents to drop off household items was really appreciated. One resident said he is already putting items aside for next Spring's collection.
- Early this year, the Tax Collector's office was moved to the first floor in the Administration Building. Many residents like the opportunity to make their tax payments without having to take the elevator to the second floor.
- Stopped at the Lane Brokow House on Milltown Rd to see how the mothballing work authorized by the Council in January is going. The new roof is on and outside foundation work has been done. Other than mothballing the building, the Council and Administration have no plans to perform inside restoration work.
- Attended a virtual Power Restoration workshop sponsored by JCP&L which included Office of Emergency Management personnel and elected officials

from numerous Somerset County locations.

Two (2) Clergymen were enrolled and undertook a two day training through a Chaplain Program that the Chief had researched and recommended. Administrator Pappas stated Administration is pleased with how this is moving forward and will continue to report to Council on progress in coming months.
- There is a request for the Council to take action to approve a slight revision to the proposed agreement with Hillsborough for shared services with code enforcement noting there are some requirements that the State Department required in the language that we were not originally aware of. The amendment does not change the essence of the agreement but rather some wording amendments as required by DCA.
- There is also a proposal to get into a services agreement with the County for a driver feedback sign on Washington Valley Road. This was passed on from the previous administration.
- There is a rock salt resolution that has been undertaken many times in past years. In previous years, the amount proposed has been approved.

There was a four (4) minute recess to allow the public additional time to submit public comment via the various ways discussed above.

Following recess, on the call of the roll by Grace Njuguna, Deputy Township Clerk, the following Council members were present:

Councilman Michael Kirsh  
Councilman Allen Kurdyla  
Councilman Timothy Ring  
Council Vice President Filipe Pedroso  
Council President Howard V. Norgalis

Patti Selikoff 16 Gibson Terrace, Bridgewater, NJ 08807 addressed the governing body with a statement as follows:

Dear Town Council:

It has come to my attention that our elected Mayor Matt Moench has decided to

use his position to weigh into an election that is not “partisan”. I would like to read the leaked email that was sent by him on Friday, October 9<sup>th</sup>, 2020 titled Board of Education Races.

All-

While Board of Education races are not “partisan,” the board of education plays a larger role in impacting our community, our taxes, and our children. This year four candidates are running for two positions. Two of those candidates are Republicans - Barry Walker and JP Leven. The other two are democrats, and one has a series of Facebook posts criticizing and promoting far left policies. I believe that it is important to elect Republicans at all levels of government and I ask that you consider these facts when you vote for BOE this year.

Any questions, you can reach out to me by email or phone.

Matt

Then Mayor Moench participated in a Robo call that went out to all the Republicans in town and announced he was the Mayor of Bridgewater and at this point there was no confusion that he using his position to influence the BOE election.

Due to his involvement in the race, I started a petition to remove political partisan from our BOE election race on October 16, 2020 as I felt this was a wonderful platform for others to be able to have their voices heard and start a conversation about the issue. I also felt, as a parent with children in school system believed that the best-qualified elected person should be making decisions and not just those on a party line.

This was also an opportunity for “our” mayor to listen to town concerns, instead he double downed and on October 17, 2020 Mayor Moench writes an editorial for endorsing the 2 candidates.

I am extremely disappointed that a mayor that is supposed to represent “all” of us and would decide to use his position to endorse and influence a non-partisan race. I am not asking to limit his freedom of speech but I do think as public elected officials should try to stay out these non-partisan races.

I am submitting the 178 people who have signed the petition and I hope the council will consider introducing an ordinance that is similar to the one they adopted that limited redevelopers giving campaign contributions. Even our own Mayor Moench, who was a councilman voted yes for it and said that “The ordinance promotes good government”. Councilman Filipe Pedroso said “I don’t

see anything negative with the ordinance”.

I am coming to you to uphold the same for yourselves and continue to promote good government and encourage the council to introduce and pass an ordinance an ordinance to not influence or endorse non-partisan races. I think you owe it to our town to let them decide who the best qualified candidate to win and not use and abuse your position to influence the election.

If I have time I would like to read the reasons for people signing the petition.

Ms. Selikoff was advised she has extended her time and was requested to forward the petitions to the Clerk for forwarding to the governing body.

No one else wished to be heard.

On motion of Councilman Kurdyla, seconded by Councilman Ring, the public comment portion was closed.

Councilman Pedroso thanked Ms. Selikoff for her comments.

Councilman Pedroso opined that Mayor Moench wrote an email to an internal group to provide his opinion. He added that the Mayor has a right to provide an opinion on who is best suited to represent him on the Board of Education. Councilman Pedroso further stated the Board of Education is a political organization and the Board of Education members are politicians who campaign, door knock and do everything that politicians do to get votes.

In Bridgewater Township, the Board of Education budget is approximately 4-times larger than the municipal budget. When it comes to Bridgewater, the most significant tax is the Board of Education tax which means the Board of Education representatives are very significant to the community because they control the spending of the taxpayer and have the role of the oversight of the education of our children. They are an elected body and are subject to scrutiny. Because Mayor Moench is Mayor, his opinion matters and those that voted for him look for his endorsements and guidance. Councilman Pedroso opined that being able to express your opinion and endorsement is a personal right that is fundamental to our government and democracy.

Public  
Hearing &  
Final Action  
Ordinances

He added that ten (10) firms have confirmed interest in bidding. Proceeds from the sale of this property will be used to address the bond that will be payable within 1-year or less if possible.

It was confirmed that taking care of this property before selling it is beneficial because there are a number of environmental issues that we are aware of and taking care of those is responsible and allows for faster process in making this property ready for residential use.
