STORMWATER POLLUTION PREVENTION PLAN TOWNSHIP OF BRIDGEWATER SOMERSET COUNTY NEW JERSEY

**Prepared by
Thomas J. Forsythe, PE, CME, CPWM
Deputy Director Municipal Services**

**March 2005
Revised: October 23, 2009
Revised: April 30, 2018**

***Originally Prepared By Maser Consulting, PA
March 2005 Project No. BWT-044***

AN EQUAL OPPORTUNITY EMPLOYER

Tier A Municipal Stormwater Regulation Program

Stormwater Pollution Prevention Team Members

Number of team members may vary.

Completed by: Thomas J. Forsythe, PE

Title: Engineering Manager

Date: April 2018

Municipality: Township of Bridgewater

County: Somerset

NJPDES #: NJG0147893

PI ID #: 171438

Stormwater Program Coordinator: Thomas J. Forsythe, PE

Title: Bridgewater Engineering Manager

Office Phone #: (908) 725-6300 x5513

Emergency Phone #: (908) 963-0102

Public Notice Coordinator: Linda Doyle

Title: Bridgewater Township Clerk

Office Phone #: (908) 725-6300 x5025

Emergency Phone #: _____

Post-Construction Stormwater Management Coordinator: Thomas J. Forsythe, PE

Title: Bridgewater Township Public Works Superintendent

Office Phone #: (732) 469-0555 x6010

Emergency Phone #: (908) 963-0102

Local Public Education Coordinator: Nadine Carr

Title: Bridgewater Township Registrar

Office Phone #: (908) 725-6300 x5200

Emergency Phone #: _____

Ordinance Coordinator: William Savo

Title: Bridgewater Township Attorney

Office Phone #: (908) 526-0707

Emergency Phone #: _____

Public Works Coordinator: Thomas J. Forsythe

Title: Bridgewater Township Public Works Superintendent

Office Phone #: (732) 469-0555 x6010

Emergency Phone #: (908) 963-0102

Employee Training Coordinator: Thomas J. Forsythe, PE

Title: Bridgewater Township Public Works Superintendent

Office Phone #: (732) 469-0555 x6010

Emergency Phone #: (908) 963-0102

Other: James Naples

Title: Bridgewater Township Administrator

Office Phone #: (908) 725-6300 x5004

Emergency Phone #: _____

SPPP Form 2 - Public Notice

Municipality
Information

Municipality: Township of Bridgewater

County: Somerset

NJPDES # : NJG0147893

PI ID #: 171438

Team Member/Title: Linda Doyle, Deputy Clerk

Effective Date of Permit Authorization (EDPA): 4/1/04

Date of Completion: March 2005

Date of most recent update: March 2005

Briefly outline the principal ways in which you comply with applicable State and local public notice requirements when providing for public participation in the development and implementation of your stormwater program.

For meetings where public notice is required under the Open Public Meetings Act ("Sunshine Law", N.J.S.A. 10:4-6 et seq.), the Township of Bridgewater will provide public notice in a manner that complies with the requirements of that Act. Also in regard to the passage of ordinances, the Township of Bridgewater will provide public notice in a manner that complies with the requirements of N.J.S.A. 40:49-1 et seq. In addition, for municipal actions (e.g., adoption of the municipal stormwater management plan) subject to public notice requirements in the Municipal Land Use Law (N.J.S.A. 40:55D-1 et seq.) the Township will comply with those requirements.

SPPP Form 3 - New Development and Redevelopment Program

Municipality Information

Municipality: Township of Bridgewater County: Somerset
 NJPDES #: NJG_0147893 PI ID #: 171438
 Team Member/Title: David Battaglia, PE, Township Engineer
 Effective Date of Permit Authorization (EDPA): 4/1/04
 Date of Completion: March 2005 Date of most recent update: March 2005

Describe in general terms your post-construction stormwater management in new development and redevelopment program (post-construction program), and how it complies with the Tier A permit minimum standard. This description must address compliance with the Residential Site Improvement Standards for stormwater management; ensuring adequate long-term operation and maintenance of BMPs (including BMPs on property that you own or operate); design of storm drain inlets (including inlets that you install); and preparation, adoption, approval, and implementation of a municipal stormwater management plan and municipal stormwater control ordinance(s). Attach additional pages as necessary. Some additional specific information (mainly about that plan and ordinances(s)) will be provided in your annual reports.

To control stormwater from new development and redevelopment projects throughout the Township of Bridgewater (including projects we operate) we will do the following:

The Township is already ensuring that all new residential development and redevelopment projects that are subject to the Residential Site Improvement Standards for stormwater management (including the NJDEP Stormwater Management rules, N.J.A.C. 7:8, referenced in those standards) are in compliance with those standards. Our planning and zoning boards ensure such compliance before issuing a preliminary or final subdivision or site plan approvals under the Municipal Land Use Law.

The Township of Bridgewater has not constructed any new development or redevelopment projects on Municipal property. If we decide to construct such a project before our municipal stormwater control ordinance takes effect, we will ensure adequate long-term operation and maintenance of BMPs for that project by requiring a project maintenance plan similar to the maintenance plan described in our draft of that ordinance, and by requiring and funding the implementation of that plan. We will also require any storm drain inlets that we install to comply with the design standard in Attachment C of our permit. Once that ordinance takes effect, we will ensure such operation and maintenance for any new development or redevelopment projects on our property by complying with the maintenance requirements in that ordinance. In addition, any storm drain inlets we install for such projects will comply with that ordinance's standard for such inlets.

Our planning board and municipal attorney will review the Sample Municipal Stormwater Management Plan and Model Stormwater Control Ordinance in the NJ Stormwater BMP Manual, and will draft a municipal stormwater management plan and municipal stormwater control ordinance similar to that sample and model. We will also coordinate with county planning agency staff to discuss the draft plan and ordinance. The plan and ordinance will be adopted by our planning board and Governing Body, respectively, by the deadlines specified in the permit, and will be submitted to the county planning agency for approval.

Once approved, the ordinance, which will be administered by our planning and zoning boards, municipal engineer and code enforcement officer, will control stormwater from non-residential development and redevelopment projects. Where it is necessary to implement the municipal stormwater management plan, the approved ordinance will also control aspects of residential development and redevelopment projects that are not subject to the Residential Site Improvement Standards.

TOWNSHIP SECTOR MAP

SPPP Form 4- Local Public Education Program

Municipality
Information

Municipality: Township of Bridgewater County Somerset

NJPDES # : NJG 0147893 PI ID #: 171438

Team Member/Title: Nadine Carr, Registrars

Effective Date of Permit Authorization (EDPA): 4/1/04

Date of Completion: March 2005 Date of most recent update: April 2018

Local Public Education Program

Describe your Local Public Education Program. Be specific on how you will distribute your educational information, and how you will conduct your annual event. Attach additional pages with the date(s) of your annual mailing and the date and location of your annual event.

The Township of Bridgewater began its yearly educational event starting in October 2005 at the Halloween Festival. The Halloween Festival was canceled due to the construction of the new Municipal Complex in 2007. The educational event was moved to the Somerset County 4-H Fair in August. Additionally, information is distributed at the Eco-Blast Fair in May. Education will be provided by the Environmental Commission at the Somerset County 4-H Fair. Notice of this event will be provided in the Courier News newspaper. Copies of the N.J.D.E.P. educational brochure and other literature will be made available at the table established for the Environmental Commission.

The notice of the event as well as information on nonpoint source pollution prevention will be included in the municipal quarterly bulletin and will be posted on the Municipal website.

NJDEP environmental brochures are currently available at the information of the municipal building and at the Health and Human Services Center.

The Township of Bridgewater will contact other environmental groups, civic organizations, and clubs to determine if they would like to participate with the Township.

SPPP Form 5 – Storm Drain Inlet Labeling

Municipality
Information

Municipality: Township of Bridgewater County Somerset

NJPDES # : NJG 0147893 PI ID #: 171438

Team Member/Title: Thomas J. Forsythe, PE, , Public Works Superintendent

Effective Date of Permit Authorization (EDPA): 4/1/04

Date of Completion: March 2005 Date of most recent update: April 2018

Storm Drain Inlet Labeling

Describe your storm drain inlet labeling program, including your labeling schedule, the details of your long-term maintenance plan, and plans on coordinating with watershed groups or other volunteer organizations.

The Township of Bridgewater has identified approximately 6,326 drainage structures that must be labeled in accordance with the regulations. The Township seeks to label structures over the first five (5) years of the permit. Approximately 2,500 labels are proposed for the 2005 calendar year. The Township will coordinate with local civic organizations on the labeling program.

Labeling shall be done with plastic labels by the publicworks department and/or local civic organizations.

Work shall be performed by section of the Township as follows:

- a. Bradley Gardens*
- b. Country Club/Meadow Road*
- c. Sunset Pond*
- d. Martinsville*
- e. Finderne*
- f. Thomae*

During the annual catch basin clearing program, labels will be checked by the Township to ensure legibility and visibility. Those that are not legible or visible shall be replaced.

SPPP Form 6 – MS4 Outfall Pipe Mapping

Municipality
Information

Municipality: Township of Bridgewater County Somerset

NJPDES # : NJG 0147893 PI ID #: 171438

Team Member/Title: David Battaglia, Township Engineer

Effective Date of Permit Authorization (EDPA): 4/1/04

Date of Completion: March 2005 Date of most recent update: April 2018

Explain how you will prepare your map (include its type and scale, and the schedule for the mapping process). Who will prepare your map (e.g., municipal employees, a consultant, etc.)?

The Township of Bridgewater will retain Maser Consulting P.A. to map out the location of the end of all outfall pipes operated by the Township. Maser Consulting P.A. will identify, locate, map and investigate (see Illicit Connection Elimination Program and Outfall Pipe Stream Scouring Remediation Program) each outfall pipe that is located.

The Township of Bridgewater has been divided into six sectors:

Sector 1 - Bradley Gardens

Sector 2 - Country Club/Meadow Road

Sector 2 - Sunset Pond

Sector 4 - Martinsville

Sector 5 - Finderne

Sector 6 - Thomae

Once all outfall pipe locations are identified, a map will be developed displaying these outfall pipe locations, with an alphanumeric identifier at a scale of 1 inch = 100 feet. The Raritan River and all other waterbodies receiving outfall pipe discharges will also be identified on the map.

SPPP Form 7 – Illicit Connection Elimination Program

Municipality
Information

Municipality: Township of Bridgewater County Somerset

NJPDES # : NJG 0147893 PI ID #: 171438

Team Member/Title: David Battagliat, Township Engineer

Effective Date of Permit Authorization (EDPA): 4/1/04

Date of Completion: March 2005 Date of most recent update: April 2018

Describe your Illicit Connection Elimination Program, and explain how you plan on responding to complaints and/or reports of illicit connections (e.g., hotlines, etc.). Attach additional pages as necessary.

The Township of Bridgewater has contracted with Maser Consulting P.A. to conduct an initial physical inspection of all of our outfall pipes during the mapping process. The Township will use the DEP Illicit Connection Inspection Report Form to conduct these inspections, and each of these forms will be kept with our SPPP records. Outfall pipes that are found to have a dry weather flow or evidence of an intermittent non-stormwater flow will be rechecked again to locate the illicit connection. If we are able to locate the illicit connection (and the connection is within the Township of Bridgewater) we will cite the responsible party for being in violation of our Illicit Connection Ordinance(once adopted), and we will have the connection eliminated immediately. If, after the appropriate amount of investigation, we are unable to locate the source of the illicit connection, we will submit the Closeout Investigation Form with our Annual Inspection and Recertification. If an illicit connection is found to originate from another public entity, the Township will report the illicit connection to the Department.

SPPP Form 8 – Illicit Connection Records

Municipality Information

Municipality: Township of Bridgewater County Somerset
 NJPDES # : NJG 0147893 PI ID #: 171438
 Team Member/Title: David Battaglia, Township Engineer
 Effective Date of Permit Authorization (EDPA): 4/1/04
 Date of Completion: March 2005 Date of most recent update: April 2018

Prior to May 2, 2006

Note: Attach a copy of each illicit connection report form for outfalls found to have a dry weather flow.

Total number of inspections performed this year? _____

Number of outfalls found to have a dry weather flow? _____

Number of outfalls found to have an illicit connection? _____

How many illicit connections were eliminated? _____

Of the illicit connections found, how many remain? _____

May 2, 2006 – May 1, 2007

Note: Attach a copy of each illicit connection report form for outfalls found to have a dry weather flow.

Total number of inspections performed this year? _____

Number of outfalls found to have a dry weather flow? _____

Number of outfalls found to have an illicit connection? _____

How many illicit connections were eliminated? _____

Of the illicit connections found, how many remain? _____

May 2, 2007 – May 1, 2008

Note: Attach a copy of each illicit connection report form for outfalls found to have a dry weather flow.

SPPP Form 9 – Yard Waste Ordinance/Collection Program

Municipality
Information

Municipality: Township of Bridgewater County Somerset

NJPDES # : NJG 0147893 PI ID #: 171438

Team Member/Title: Thomas J. Forsythe, Public Works Superintendent

Effective Date of Permit Authorization (EDPA): 4/1/04

Date of Completion: March 2005 Date of most recent update: April 2018

Please describe your yard waste collection program. Be sure to include the collection schedule and how you will notify the residents and businesses of this schedule. Attach additional pages as necessary.

The Township of Bridgewater has a yearly yard waste program. Residents receive a yearly brochure of all dates when the public works yard on Foothill Road is open to receive yard waste. A copy of the pages from the website are attached.

Waste is accepted as follows:

Grass Collection - April - December

Brush Clippings - Early Spring and Fall

Leaf Collection - October to December

All collected material is taken to a Class 'A' facility in Edgewood, owned and operated by Natures Choice.

Recycling curbside pickup in the Township is performed by Somerset County. A County Pickup Schedule & Instruction flyers are attached.

SPPP Form 10 - Ordinances

Municipality
Information

Municipality: Township of Bridgewater County Somerset

NJPDES # : NJG 0147893 PI ID #: 171438

Team Member/Title: William Savo, Esq., Town Attorney

Effective Date of Permit Authorization (EDPA): 4/1/04

Date of Completion: March 2005 Date of most recent update: April 2018

For each ordinance, give the date of adoption. If not adopted, explain the development status:

Pet Waste March 30, 2006

Are information sheets regarding pet waste distributed with pet licenses? Y () N ()

Litter March 30, 2006

Improper Waste Disposal March 30, 2006

Wildlife Feeding March 30, 2006

Yard Waste March 30, 2016

Illicit Connections March 30, 2006

How will these ordinances be enforced?

Ordinance compliance will be performed by the Township's Code Officials and police department. Citations will be issued where ordinances have been violated.

SPPP Form 11 – Storm Drain Inlet Retrofitting

Municipality Information

Municipality: Township of Bridgewater County Somerset
 NJPDES # : NJG 0147893 PI ID #: 171438
 Team Member/Title: John Langel, Public Works Superintendent
 Effective Date of Permit Authorization (EDPA): 4/1/04
 Date of Completion: March 2005 Date of most recent update: March 2005

What type of storm drain inlet design will generally be used for retrofitting?
NJDOT Bicycle Safe Grates and Campbell ECO-N type head pieces.

Repaving, repairing, reconstruction or alteration project name	Projected start date	Start date	Date of completion	# of storm drain inlets	# of storm drains w/ hydraulic exemptions
<i>Milltown Road (Not yet reconstructed)</i>					
<i>Brown Road</i>	<i>10/04</i>	<i>10/04</i>	<i>12/04</i>	<i>20</i>	
<i>Crim Road</i>	<i>10/04</i>	<i>10/04</i>	<i>12/04</i>	<i>21</i>	
<i>Nagle Street</i>	<i>11/04</i>	<i>11/04</i>	<i>12/04</i>	<i>8</i>	
<i>Carber Street</i>	<i>11/04</i>	<i>11/04</i>	<i>12/04</i>	<i>8</i>	

Are you claiming any alternative device exemptions or historic place exemptions for any of the above projects? Please explain:

None

SPPP Form 12 - Street Sweeping and Road Erosion Control Maintenance

Municipality Information

Municipality: Township of Bridgewater County: Somerset
NJPDES #: NJG_0147893 PI ID #: 171438
Team Member/Title: Thomas J. Forsythe, Public Works Superintendent
Effective Date of Permit Authorization (EDPA): 4/1/04
Date of Completion: March 2005 Date of most recent update: April 2018

Street Sweeping

Please describe the street sweeping schedule that you will maintain.

(NOTE: Attach a street sweeping log containing the following information: date and area swept, # of miles swept and the total amount of materials collected.)

The Township of Bridgewater has evaluated all of its streets to determine which areas will need to be swept. 211 miles of roadway are maintained by the Township. Of this, 25% (55 miles) are in non-residential areas with speed limits 35 mph or less. These areas have been grouped together into five separate groups, and each group will be assigned a different schedule. A copy of the street groupings and sweeping forms are attached.

The Township of Bridgewater intends on maintaining its existing street sweeping program for all other streets (that are not included in the permit), which includes sweeping of all streets at least two times per year.

Road Erosion Control Maintenance

Describe your Road Erosion Control Maintenance Program, including inspection schedules. A list of all sites of roadside erosion and the repair technique(s) you will be using for each site should be attached to this form.

(NOTE: Attach a road erosion control maintenance log containing the following information: location, repairs, date)

The Township of Bridgewater will use the Public Works Department to monitor all their roads and streets for erosion problems during normal patrols. All identified road erosion problems will be reported to John Langel, the Public Works Superintendent. During SPPP Team meetings, identified areas of erosion will be discussed and repairs prioritized. Public Works Department personnel will then be assigned to the areas of concern, and the areas identified to have road erosion problems will be repaired in accordance with the Standards for Soil Erosion and Sediment Control in New Jersey. All maintenance personnel will maintain an inspection log, and John Langel will maintain a list of all repairs and dates completed. The status of the Road Erosion Control Maintenance Program will be included in the Annual Report and Recertification.

SPPP Form 13 – Stormwater Facility Maintenance

Municipality
Information

Municipality: Township of Bridgewater

County: Somerset

NJPDES #: NJG_0147893

PI ID #: 171438

Team Member/Title: Thomas J. Forsythe, Public Works Superintendent

Effective Date of Permit Authorization (EDPA): 4/1/04

Date of Completion: March 2005 Date of most recent update: April 2018

Please describe your annual catch basin cleaning program and schedule. Attach a map/diagram or additional pages as necessary.

The Township of Bridgewater has an annual sanitary sewer cleaning program to maintain the Township sanitary sewer system function and efficiency. Starting in 2005, cleaning of catch basins will be included in this program. All catch basins will be cleaned once per year. If, at the time of inspection, no sediment, trash or debris are observed in the catch basin, then that catch basin will not be cleaned. At the time of cleaning, the catch basin will also be inspected for proper function. Maintenance will be scheduled for those catch basins that are in disrepair. Maintenance is typically performed during the summer months. The annual catch basin cleaning program will be on-going and will continue during the permit period.

Please describe your stormwater facility maintenance program for cleaning and maintenance of all stormwater facilities operated by the municipality. Attach additional pages as necessary.

(NOTE: Attach a maintenance log containing information on any repairs/maintenance performed on stormwater facilities to ensure their proper function and operation.)

The Township of Bridgewater will implement a stormwater facility maintenance program to ensure that all stormwater facilities operated by the Township function properly. The Township of Bridgewater operates the following:

- catch basins
- storm drains
- dry wells
- swales
- Detention/Retention basins

These stormwater facilities will be inspected annually to ensure that they are functioning properly. In high risk areas, preventative maintenance will be performed on all stormwater facilities to ensure that they do not begin to foul.

SPPP Form 14 - Outfall Pipe Stream Scouring Remediation

Municipality
Information

Municipality: Townsh of Bridgewater County: Somerset

NJPDES # : NJG0147893 PI ID #: 171438

Team Member/Title: John Langel, Public Works Superintendent

Effective Date of Permit Authorization (EDPA): 4/1/04

Date of Completion: March 2005 Date of most recent update: March 2005

Describe your stormwater outfall pipe scouring detection, remediation and maintenance program to detect and control active, localized stream and stream bank scouring. Attach additional pages as necessary.

(NOTE: Attach a prioritized list of sites observed to have outfall pipe stream and stream bank scouring, date of anticipated repair, method of repair and date of completion.)

SPPP Form 15 – De-icing Material Storage

Municipality
Information

Municipality: Township of Bridgewater County Somerset

NJPDES # : 0147893 PI ID #: 171439

Team Member/Title: John Langel, Public Works Superintendent

Effective Date of Permit Authorization (EDPA): 4/1/04

Date of Completion: _____ Date of most recent update: _____

De-icing Material Storage

Describe how you currently store your municipality's de-icing materials, and describe your inspection schedule for the storage area. If your current storage practices do not meet the de-icing material storage SBR describe your construction schedule and your seasonal tarping interim measures. If you plan on sharing a storage structure, please include its location, as well as a complete list of all concerned public entities. If you store sand outdoors, describe how it meets the minimum standard.

The Township of Bridgewater is currently storing de-icing salt in a shed at the Department of Public Works yard on Hanlot Street. The Township of Bridgewater will be relocating to a joint facility with Somerset County Road Department. Somerset County will own and maintain the Dome facility for the de-icing salt storage. Bridgewater Township DPW will draw materials from the County in accordance with SOPs established by Somerset County Road Department. Until the move, the pavement adjacent to the salt shed shall be inspected following loading/unloading operations to check for spilled salt. Any spilled salt found shall be cleaned.

SPPP Form 16 – Standard Operating Procedures

Municipality Information

Municipality: Township of Bridgewater County: Somerset
 NJPDES #: NJG_0147893 PI ID #: 171438
 Team Member/Title: John Langel, Public Works Supervisor
 Effective Date of Permit Authorization (EDPA): 4/1/04
 Date of Completion: March 2005 Date of most recent update: March 2005

BMP	Date SOP went into effect	Describe your inspection schedule
Fueling Operations (including the required practices listed in Attachment D of the permit)		<i>We have no fueling locations within the municipal maintenance yard. Vehicles are fueled at the Somerset County Road Department facility.</i>
Vehicle Maintenance (including the required practices listed in Attachment D of the permit)	2/15/05	<i>Monthly inspections will be held to ensure that the SOP is being met.</i>
Good Housekeeping Practices (including the required practices listed in Attachment D of the permit)	2/15/05	<i>Monthly inspections of all municipal maintenance yards and ancillary operations will be held.</i>

SPPP Form 17 - Employee Training

Municipality Information

Municipality: Township of Bridgewater County: Somerset
 NJPDES #: NJG_0147893 PI ID #: 171438
 Team Member/Title: John Langel, Public Works Superintendent
 Effective Date of Permit Authorization (EDPA): 4/1/04
 Date of Completion: March 2005 Date of most recent update: March 2005

Describe your employee training program. For each required topic, list the employees that will receive training on that topic, and the date the training will be held. Attach additional pages as necessary.

The following topics will be covered by part time practical field training and a presentation by the Township Engineer and/or Public Works Superintendent.

<u>Course:</u>	<u>Who will attend</u>
<i>Waste Disposal Education</i>	<i>Public Works employees Environmental Commission members</i>
<i>Municipal Ordinances</i>	<i>code enforcement and local police departments, public works employees</i>
<i>Yard Waste Collection Program</i>	<i>public works employees</i>
<i>Street Sweeping</i>	<i>public works employees</i>
<i>Stormwater Facility Maintenance</i>	<i>public works employees</i>
<i>Road Erosion Control</i>	<i>public works employees</i>
<i>Outfall Pipe Stream Scouring Remediation</i>	<i>public works employees</i>
<i>Construction Activity/Post Construction Stormwater Management in New Development and Redevelopment (for municipally owned projects)</i>	<i>public works employees</i>

The following topics will be part computer training, and part practical field training:

<u>Course:</u>	<u>Who will attend</u>
<i>Illicit Connection Elimination and Outfall Pipe Mapping (field training will include procedures to properly conduct illicit connection detection's, investigations, and elimination's)</i>	<i>public works employees</i>
<i>Maintenance Yard Operations (including Ancillary Operations) (field training will include the SOPs for fueling, vehicle and equipment maintenance, general good housekeeping, and good housekeeping for de-icing materials storage)</i>	<i>public works employees</i>

Dates for the above training programs are yet to be determined.
